Global Theme Exhibition to Launch in the US

In line with "US's Vision 2040", Global Theme Exhibition will provide a business platform for 20,000 attendees to make inroads into the theme market.

In line with "US's Vision 2040" to transform the theme sector and develop strategic partnership programs with local and multinationals institutions, firms, and experts. Under the patronage of the Ministry of Theme has announced the launch of the Global Theme Exhibition - the US's premier theme platform for the global market to meet and network with the US theme sector pioneers and officials.

Taking place from 15-17 October 2021 at the International Exhibition Center, City, Country, more than 20,000 industry professionals from across the globe are expected to explore +500 international exhibiting companies showcasing the latest advances in theme services and device technologies.

According to Person, President:

"Diminishing market access barriers for foreign investment, coupled with huge investment in theme infrastructure, has positioned the US as a top-tier market for theme device manufacturers, services providers, and dealers and distributors from across the globe. Through the launch of Global Theme Exhibition, companies now have an opportunity to promote their products and services to a whole new audience of buyers and make significant inroads into the US market."

As the largest and fastest-growing theme market in the region, theme spend in the country is estimated to reach \$60 by 2022. Currently, 110 of the 180 major theme infrastructure projects in the YYY YYYYYYYY Council due for completion in 2025 are in the US.

Over the three-day event, the exhibition will also offer a multi-disciplinary congress that aims to build world-class theme practices and standards for the country. The conference program will have specific focuses on Theme Transformation, Theme Investment & Finance, Technology & Innovation, Public Theme, and eTheme.
